

November 2025

Cancer & Chronic Illness Support Group Schedule

Whether you're newly diagnosed, years into survivorship, or living with a chronic or rare condition — you deserve to be seen, heard, and supported. These weekly LIVE sessions are a safe space to listen in, join the chat, share your story (if you want to), and connect with people who get it.

You don't have to be on camera — just come as you are.
Community happens in the chat.

✦ Hosted by @newschoolJes

MONDAY 11/3 4P PST
